Section 1 (amends Minn. Stat. § 245I.23, subd. 7) excludes weekends and holidays from the requirement to complete, or review and update, the standard diagnostic assessment of an intensive residential treatment services (IRTS) client within ten days of a client's admission.

Section 2 (amends Minn. Stat. § 254B.04, subd. 1a) provides that persons enrolled in medical assistance are eligible for room and board services from the behavioral health fund when those services are provided through IRTS and residential crisis services.

Section 3 (amends Minn. Stat. § 256B.0947, subd. 5) modifies intensive nonresidential rehabilitative mental health services core treatment team member requirements to allow the inclusion of a board-certified psychiatrist, rather than a board-certified child and adolescent psychiatrist, and allows a registered nurse to be a member of the core team.
